Service will be adapted to respect social distancing: all meals and drinks will be served to guests at their table. At the buffet restaurant, self-service will be temporarily unavailable and the food will be plated and served to guests. For a contactless experience, guests will access restaurant and bar menus from their personal mobile device by scanning a QR code. To minimize risks, MSC Cruises has adapted the processes for ordering, preparing, delivering, consuming and paying for food and beverage services.

SHORE EXCURSIONS

It is recommended that guests go ashore with an MSC Cruises Shore Excursion, as they will follow the same high standards of health and safety as on board.

ENTERTAINMENT AND ACTIVITIES

Newly designed activities with smaller group sizes will be introduced with themed events, fun games, kids and family activities, talent shows, fitness, dance and more. Theater shows, activities and Kids Club will be available by reservation at no extra charge. Guests can browse the onboard program digitally using MSC for Me* technologies and book their favorite activities by phone or in-person at dedicated desks.
